

# NO MORE STRIPPED SEATS!

## Power Wrench for the Symmons Temptrol Valve

Patent Pending

The **Zip Seat Extractor** turns a painful, time-consuming, hand-powered valve service into an easy, quick, and reliable power-tool job. Stripped seats can lead to expensive delays and wall-cutting rebuilds. Zip Seat Extractor removes the seats every time. *Never strip a seat again!*

### 1. EASY AND RELIABLE REBUILDS

With the power of an impact gun, stripped seats must break free. **No more struggles**, even with the most calcified seats.

### 2. FAST POWER TOOL REBUILDS

Turn a 15 minute job into a 15 second job with the speed of a power tool, **even frozen seats!**

### 3. 2-IN-1 DESIGN FOR BOTH SEATS

Remove both cold and hot seats with the same power wrench.

### 4. LIFETIME WARRANTY

Built from hardened steel with a black oxide finish, here in the **USA**. These tools are built to last and have a lifetime warranty to prove it.

### 5. PAYS FOR ITSELF!

*First job pays for this lifetime tool set!*

### Watch Zip Seat Extractor in action

See real plumbers try the power wrench, find "how-to" videos, and more information!
